Title: Guilty on all Charges

Passage: Micah 6:9-7:7 Deuteronomy 28

Date: 11/9/2025

The Trailhead:

What is a court verdict that has been significant to you for some reason? It can be personal or something you heard about in the culture. What made this trial and verdict significant?

Discussion:

V.9-12

What standard does God set for the way His people are to live? How can we live these things out today? What does that look like in our personal, cultural, and kingdom involvement? How do these values flow together?

What did the actions of the Israelites reveal about their hearts? How do pride and selfishness obstruct the standards God sets out?

V.13-16

God brings judgement down upon Israel for their sin. How do we see both His justice and mercy in play here? What does God's justice include for Israel? As a follower of Jesus Christ, how are my sinful actions impacting the Gospel & reflecting on God?

V.7:1-7

What can we learn about our own response to sin from Micah's grief in this passage? What is your experience with "Lamenting" something? What parallels do we see in God's accusations against Israel with today? How does Micah's response inform our own? What three things that we see Micah do should we practice in our own lives? How do we practically implement them?
