CREEKSIDE BIBLE CHURCH

The Guide

Title: His Right to Reign
Passage: Colossians 2:11-23
Date: 10/25/26

The Trailhead:

What was your background before you came to faith in Christ? How do you see that background impact the way you read and understand Scripture?

Discussion:

2:11-15

In what areas has Christ separated you from the world? How are you called to look different? What are some specific convictions he has given you that make you stand apart? Why is baptism important for believers to participate in? How do we "participate" in the Gospel with Christ?

2:16-23

Describe the belief systems and false teachings that Paul is speaking against here. Which of them do you most often find yourself slipping into? How is Christ "replaced" in the gospel by these false beliefs? What place do the traditions of man have in your Christian walk? How can we ensure they keep their proper place?

How can we be sure the spiritual gifts we exercise and works that we do for the Lord are in line with Scripture? What are warning signs that these things have gone too far?

What areas of physical pleasure have gone too far in your life? How do we properly turn those things over to Christ for sanctification without crushing the flesh?
